

WA 30 Crimp press adapter

Application

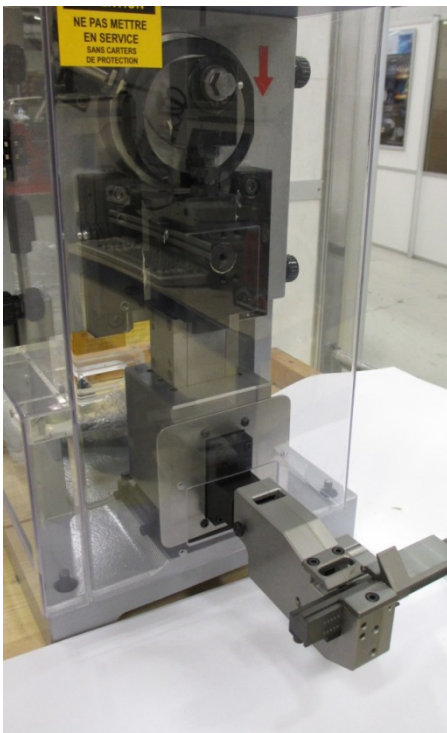

Adapter to drive IDC-tool heads with standard crimping machines. The following tool heads are approved to drive with the Crimp press adapter WA 30:

WK/P-R 2,5	for ECO-TRONIC connector system
WK/P-R 2,5 pro	for ECO-TRONIC pro connector system
WK/ P-ED 030	for ECO-DOMO connector system
WK/WZ-RFK..	for RFK 2 connector system

Features

This adapter is compatible with STOCKO crimping machines and therefore with many usual crimping machines in the market. The WA 30 will be installed instead of a Miniapplicator in the crimping machines and can be equipped with one of the named above tool heads.

Processing of connectors with tool heads then takes place in the usual way. The terminating process is triggered by a foot switch.

Technical data

Dimensions LxWxH	170 x 116 x 190 mm
Weight	4,5 kg
Stroke	40 mm +/- 1.0mm
Height (bottom dead centre)	135.78 mm +/- 1.5 mm
Material	Aluminum, steel
